WM. R. GALBRAITH,
E. M. MONAHAN,
GEO. N. GRAY,

School Board, Lancaster Town District.

SUPERINTENDENT'S REPORT.

To the School Board of Lancaster Town:

I assumed the duties of Superintendent of Schools in this district on the 11th of last November, succeeding Mr. Eugene Tuttle, whose services ended with the month of October. I accepted the position and came here on very short notice and for several weeks was more or less handicapped by personal matters.

My inspection of the schools shows that the work has been well organized and planned for the year, and it is not my policy to make any marked changes in the arrangements made by my predecessor. In one or two cases we found changes necessary. I might say in a general way that the success of any and of all schools seems to bear a direct ratio to the ability and faithfulness of the teacher. The teacher is the effective factor in the school system. It will be wise policy to retain all teachers doing good work in the same school as long as practicable.

The problem of keeping open our rural schools is serious not only in this state but throughout the country. Owing to movements of population and diminution in taxable property, many towns in New Hampshire would not be able to maintain their schools without state aid. In addition to the financial question, it is increasingly difficult to find competent teachers who are willing to go into the more remote schools. Here is an opportunity for community co-operation because it has been demonstrated that if a community has a reputation for treating its teachers well, it will have less difficulty in securing a satisfactory teacher.

Teachers' salaries will remain near the present level and will probably not be greatly advanced next year. Some superior teachers may receive more and untrained, inexperienced teachers will not be able to command as much as they have received.

It is probable that in the future we shall have to depend upon our own constituency for our teachers. We cannot expect to bring them in from other states nor to any great extent from other parts of New Hampshire. It will be wise to look ahead and encourage our promising girls

to fit themselves for teaching and to come back to their home town for a service which is patriotic in the highest degree.

It is only fair to speak of the excellent work of the school nurse, Miss Ethel Johnson, and to bespeak the co-operation of all parents in the very important work of caring for the health of the children.

Respectfully yours,

JOHN H. FULLER.
